Where were you raised and what were some of your favorite things growing up?

I was raised in Como Park. Playing endless hours of catch with Dad in the yard, summers with relatives on their farm, and family road trips-the 7 of us in a station wagon: my spot was in the way back. For many years one of my grandma's lived with us and the other lived next door.

Favorite Ice cream flavor?

Black Licorice

If you could switch places with someone for a day, who would it be?

I would love to trade places with my daughter for a day. To see life through her eyes and to understand what part Down Syndrome plays in how she physically, mentally, and emotionally takes in what is happening around her would be a wonderful insight.

Are you a morning lark or a night owl?

I'm a morning lark, but if my 3-year-old hasn't slept well, all bets are off.

What is your favorite time of year?

The spring: watching the earth wake up again and seeing all the possibilities and promise is energizing. It feels like a fresh start, plus the mosquitos aren't out yet!
