If you could choose anything to do for a day what would it be?

I would read a good mystery on the beach.

If you could only eat one meal for the rest of your life what would it be?

Lobster and scallops with a salad and vegetables.

What are your hobbies?

Reading, walking, traveling when I can, and spending time with family and friends.

If you could travel anywhere, where would you go?

That's a tough one! There are so many places I'd love to visit. I've always wanted to go to Germany, but also anywhere warm on a beach.

What do you love most about your job?

I love working with the students; they make me smile. I also feel very fortunate to be able to work with such a wonderful and caring staff.
