Teacher Feature/Staff Spotlight
-Mr. Kieffer-

Principal

How many countries have you been to? Which was your favorite & why?

16 countries outside of the USA on 5 of the 7 continents. I probably enjoyed Fiji the most due to the weather, people laid back schedule and of course scenery. Australia is a close second, I spent a semester of college there.

What was your best ever Halloween costume?

I made a robot costume when I was an 8th grader out of boxes and things I found in the basement. I was pretty proud of it!

What musical instruments do you play? And which one is your favorite?

I play the guitar a little. it is already widely known in our community that I am a master level Kazoo player with some skills on the Jaw-Harp.

Would you rather be too hot or too cold?

I like being too hot. I actually like working outdoors in extreme heat and humidity, same effect as sitting in a sauna

Do you have any pets? If so, how many, what are they and what are their names?

We have chickens, usually between 5-12 of them. I don't know their names but my kids do. I think they are; Polly, Red, and the rest that I knew the names of have died. We have 2 cats, named Bug and Winnie, I don't really like cats but they keep mice away and don't bother me.
