

# Teacher Feature -Mr. Kenney-

Teacher/Middle  
School  
Coordinator

**What is your favorite thing about working at St. Charles?**

Within the joy and privilege of working in a Catholic school setting, my favorite thing about teaching at St. Charles is the people. I love all our students and staff. The parents are magnificent, supportive and kind. It is a great community.

**If you could only eat one meal for the rest of your life, what would it be?**

My Grandma's lasagna, Mrs. Kenney's wild rice soup, my mom's chocolate crinkle cookies and a cherry Pepsi.

**If you were a ruler of your own country, what would be the first law you would introduce?**

The Mutual Respect Law. Respect of all life born, unborn, aged, mentally and physically challenged, the lost and forsaken - everyone.

**What is the most daring thing you have ever done?**

Asking Mrs. Kenney to marry me. As everyone knows, she is way out of my league.

**If you could travel anywhere in time, would you go to the past or the future?**

The future to see God-willing what wonderful people this generation of children and students turn out to be.
