

Teacher Feature/Staff Spotlight

Mrs. Seashore

This year I am the Distance Learning Liaison! 😊 I help students who are learning at home. I usually am one of the 1st grade teachers! 😊

If you were to bring someone back to your hometown, where would you bring them, and why?

I would take a visitor to many places! I'd take them to see our beautiful lakes, our fantastic Zoos, some of our inspiring museums, to a play or concert, and mostly to our majestic Cathedral in St. Paul! The Twin Cities has SO much to be proud of!

If you were a pizza topping, what would you be, and why?

CHEESE! Pizza isn't the same without it, and cheese makes everything always taste better! Also, I love to smile, and you always say "Cheese!" when you are about to smile in a photo! 😊

If you had 3 wishes, what would they be?

The easy answer would be to wish for more wishes to help more people out all over our world. But, since it's only 3, I would wish for successful vaccines for all illnesses all over the world, for more equity for all people and for everyone to get to Heaven!

What is your favorite family tradition, and why?

I love going to Midnight Mass on Christmas Eve and then going home to eat donuts and drink hot chocolate with my family. We also have some fun traditions from Norway and Sweden... like the gnome (or tomte) comes to visit on Christmas Eve!

What is your favorite season, and why?

My favorite season is Fall for lots of reasons! I love the cooler fall weather, the beautiful colors God creates in the trees, the start of volleyball, and most of all, feeling excited to start a new school year with a wonderful new batch of amazing students!
