**Milk in School Meals**

Milk is more than just a beverage; it's a powerhouse of essential nutrients crucial for growing bodies. From calcium and vitamin D to protein and potassium, milk offers a myriad of health benefits, supporting bone health, muscle function and overall growth.

We offer fat-free and low-fat (unflavored or flavored) milk at mealtimes. This ensures students receive the nutritional benefits of milk without added fats. For students with a medically documented food allergy, we provide lactose-free milk as an alternative.
